5 Review the current site honestly

What still works here?

What feels out of date?

What feels hard to find?

What does not reflect who we are now?

What content seems mixed together that should be separated?

As an archive of the past walks

The design

Content management of the home page

Protocols page needs some work

Upcoming walks has many walks

A page for each walk

It exists and people go to the upcoming walks page

Upcoming walks page the key photo is huge!

Learning about the upcoming walks

Videos are from a while ago

Some resources and blog post pages

I can send people to the site and they can sign up for the Nibi Walks newsletter

Some photos are out-of-date

Lack of analytics

About page

There are many resources on the site

Newsletter subscription form mobile view

Site search

More recent podcasts and videos

You can buy things

Mobile view all around

Everyday tab content feels old

You can learn about the music

How old media stories

7 fires prophecy

A record of Sharon's thoughts

Blog post
