6 Types of Content

New grid

Most Important	**Walk Update** Time-based update tied to a specific walk. Today's location, schedule changes, support needs, reflections, prayer focus. **Donation Campaign or Fund Need** Recurring fundraising item tied to a specific goal, walk, or need. **Support Need for a Walk** Discrete request for help. Lodging, food, transportation, supplies, local coordination, or funding. **Testimonial or Community Voice** Shorter quote-based format from walkers, supporters, hosts, or spiritual participants. **Event** Non-walk happening. Exhibit, gathering, talk, community event, fundraiser, or teaching session.
Important	**Walk** Single upcoming or current walk entry. Route, dates, locations, timing, organizers, support needs, map links, and related updates. **Prayer Prompt** Short item inviting people to pray in connection with the walks from afar. Tied to a date, season, place, or active walk. **Press release** A formal public statement intended for media, partners, and public distribution. **Protocol Guidance** Repeatable item explaining a specific protocol or participation expectation. Useful if protocol is too broad for one page. **Reflection** Short or long-form piece grounded in the meaning of the walks. From Sharon, leadership, walkers, or approved community voices. **Media/Journalist resource** A reusable item created to help journalists, reporters, and media partners represent the walks accurately. **Teaching** Recurring piece explaining a teaching, value, or spiritual framing related to the walks. Requires careful editorial boundaries. **Product** Repeatable merch or music item. Songs, CDs, educational materials, or other items people can buy to support the work. **Media Item** Podcast, video, interview, or press feature. Curated and tagged by type, topic, and age.
Less Important	**Past Walk Record** Structured archive entry for completed walk. When it happened, where it went, key moments, media, and reflections. **News/Update Post** Short organizational update not tied to one walk update. Announcements, milestones, schedule releases, new partnerships. **Seasonal Practice or Off-Season Resource** Recurring item meant to keep people connected between walks. Especially useful for off-season walkers. **Water/Place Entry** Structured entry for a river, lake, or body of water connected to the walks. Names, location, significance, and related walks. **Walker Story** First-person account of what a walk meant to someone. More personal than a general reflection. **Leader Profile** Recurring profile format for key people connected to the work. Makes Indigenous leadership visible and specific. **Exhibit Entry** Recurring item for exhibits or installations connected to the work. **Resource** Reusable educational or practical item. Downloadable guides, orientation materials, or support info.
